

Hmm... I really need to eat, but it needs to be quick enough so that I can get home to my family in time.

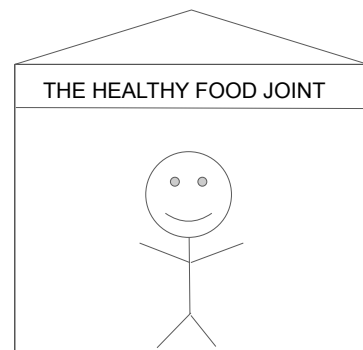

MENU
CHICK-FIL-A SANDWICH
FRENCH FRIES
MCDONALD'S BIG MAC
PIZZA

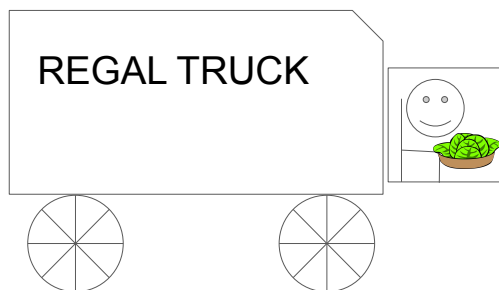

After walking to campus, nothing really seems worth it to buy, as it is all unhealthy. I need to find something fast!

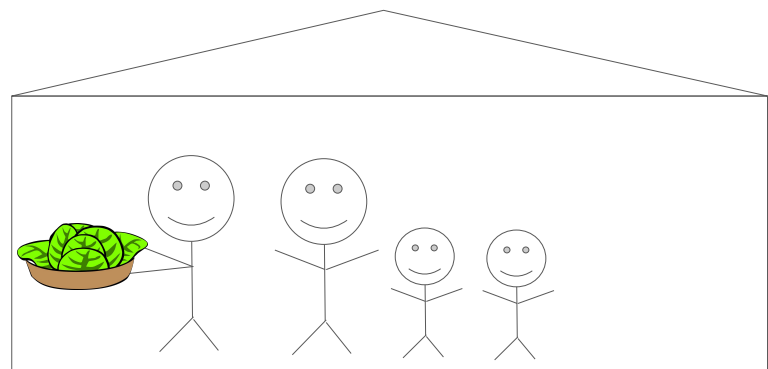

Wait! I can use the Campus Food app to search for healthy foods on campus!

This place looks good; there is a Caesar salad with no nuts! That sounds perfect!

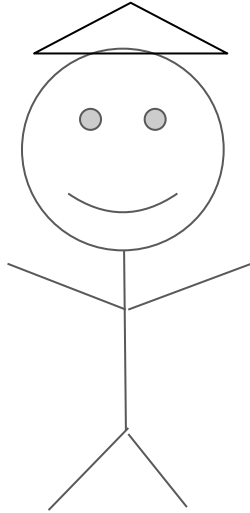

Time to take this home so I can see my family!

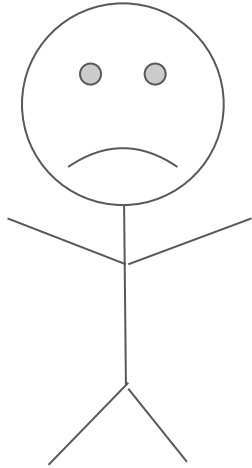

Yay! Now I have this tasty Caesar salad - with no nuts - and I can be with my family thanks to the Campus Food app!

Shoot, with all this studying, I don't know if I have time to go all the way across campus to find unhealthy food at the buffet....

PIZZA TOWN

GREASY PIZZA - \$120.99

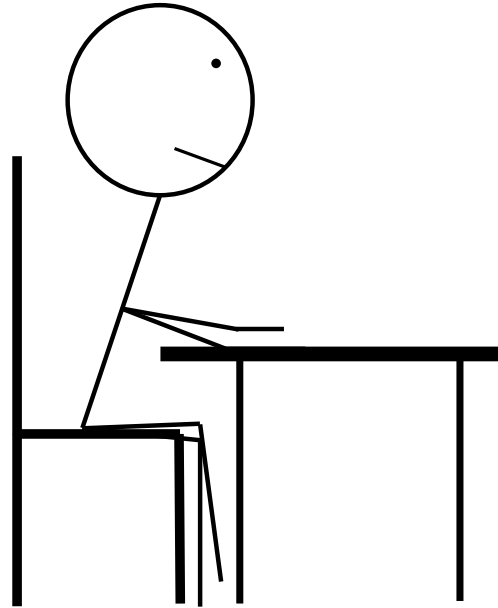

PEPPERONI PIZZA - \$40.99

10 POUND HAMBURGER - \$350.37

GALLON OF SODA (FREE REFILLS) - \$150.59

Hmm... everything is so expensive here and
unhealthy...

I don't have time to run across campus to go to
the buffet if it's the same unhealthy stuff

Oh right! I can check Campus Food
and see what's available, so I don't
waste any more time

Campus Food

Stile Café
Menu

Caesar Salad

- \$7.99

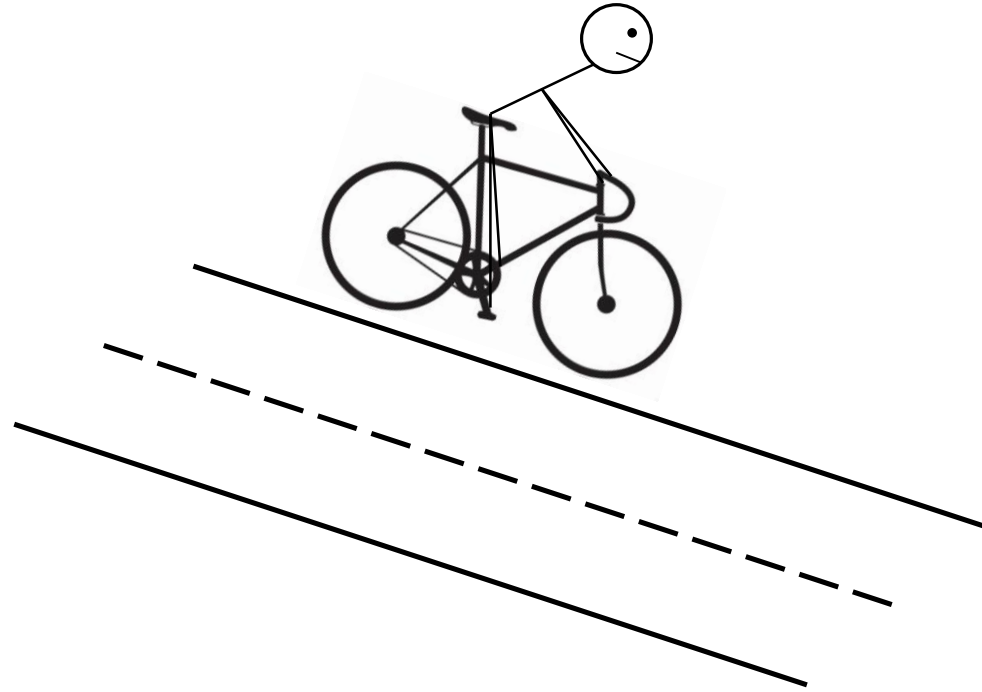

Acorn Squash Soup

- \$8.99

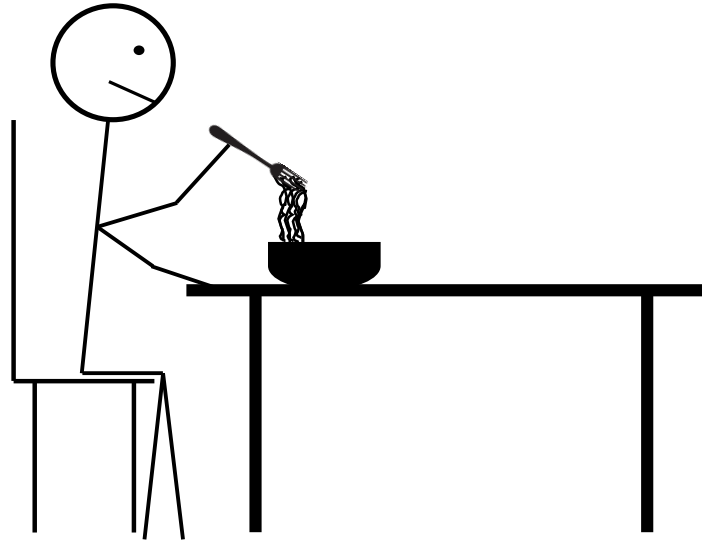

Vegetable Ramen

- \$11.99

Oh great this will be
worth my time!

Without Campus Food, I would've wasted all
this time on this 10-minute bike ride...
It would've been 20 minutes total

Without Campus Foods I would be stuck with that
pizza and hamburgers, but instead I have this
vegetable ramen
